

## HEPA-FILTERED AIR SCRUBBERS

*HEPA-Filtered air scrubbers are not just for job sites; they can reduce harmful airborne particles anywhere. Perfect for offices, warehouses, healthcare facilities, restaurants, warehouses, and more. Provide cleaner air for your employees and customers with a Diamapro Systems HEPA- Filtered Air Scrubber.*

### AS-500

#### DESIGN FEATURES

- Most compact, portable unit
- Molded handle
- Tough, plastic cabinet
- Stackable design
- Easy to transport, carry and store
- Variable airflow
- Can operate vertically & horizontally

#### TECHNICAL DATA

CFM	250-500*
VOLTAGE	115V
AMPERAGE	2 AMPS
WEIGHT	33 LBS
MOTOR	0.33 HP-VARIABLE SPEED
L x W x H	14" x 22" x 24"

### AS-1000

#### DESIGN FEATURES

- Smooth, consistent airflow
- Small footprint - ideal for tight areas
- Dent proof polyethylene
- Easy to change filters
- 2 speed motor
- "Hand truck" configuration
- Easy to transport by one operator

#### TECHNICAL DATA

CFM	500-1000*
VOLTAGE	115V
AMPERAGE	5 AMPS
WEIGHT	94 LBS
MOTOR	1 HP - 2 SPEED
L x W x H	20" x 23" x 40"

### AS-2000

#### DESIGN FEATURES

- Powerful, high volume
- Polyethylene shell
- 2 speed configuration
- Integrated molded carrying handles
- Caster nest for stacking
- Long filter life
- Light and compact

#### TECHNICAL DATA

CFM	1000-2000*
VOLTAGE	115V
AMPERAGE	15 AMPS
WEIGHT	135 LBS
MOTOR	2 HP - 2 SPEED
L x W x H	37" x 26" x 31"
