

WET VACUUM

WVX Wet Vacuum

WVX

FEATURES

- U-shaped squeegee to gather slurry from edges and guide to the center of the vacuum port
- Efficient design allows for fewer passes to achieve a clean, dry, surface without the need to continually re-vacuum row edges
- Easy to use, includes hose and wand for pickup in hard to reach areas
- Durable frame built to withstand heavy-duty use and harsh environments
- Large capacity with automatic float shut-off to protect the motor once water levels get high

SPECIFICATIONS

WATERLIFT	105*
CFM	110*
AMPS	10
TANK SIZE	20 gallons
WET SHUT-OFF	Float cage w/ mesh screen
WEIGHT	70 lbs

*Theoretical
